

STANDARD OPERATING PROCEDURE (SOP)

Module: ucs_tds_report (TDS Transaction Summary & Details Report)

Version: 17.0.1.1.0 | Target Audience: Accounts Team / Administrator

1. Introduction & Overview

The ucs_tds_report module is designed to provide a comprehensive, multi-sheet Excel export of all Tax Deducted at Source (TDS) transactions recorded in Odoo. The report groups and consolidates transaction values dynamically, providing both executive summaries and monthly transaction breakdowns.

Key Feature: The report now includes a **aBASE Amount** column that extracts the taxable subtotal of invoice lines, while automatically leaving the field blank for Salary, Manual, or Bank Payment TDS records.

2. Step-by-Step Guide: How to Generate the TDS Report

Follow these steps to print/export the TDS report from your Odoo instance:

STEP 1: NAVIGATE TO THE WIZARD

Login to your Odoo instance as an authorized accountant or manager and go to:

Accounting → Reporting → TDS Report

This will open a modal popup containing the TDS Report generation wizard.

STEP 2: ENTER THE PARAMETERS

Configure the following filters inside the popup form:

- Start Date:** Select the beginning of the reporting period (e.g., 01/04/2025).
- End Date:** Select the end of the reporting period (e.g., 31/03/2026).
- TDS Accounts:** Select the relevant TDS General Ledger (GL) accounts to filter. You can select multiple accounts (e.g., 112582 - TDS on Professional Fees , 112583 - TDS on Contract , etc.).

STEP 3: EXPORT THE REPORT

Click on the **Generate Report** button. The system will process all posted journal items within the period and automatically initiate an Excel file download named in the format:

TDS_Report_DDMMYYYY_DDMMYYYY.xlsx

Note on Security Access: Only users belonging to the **TDS Report Access** security group have visibility to the wizard menu and the execution permissions.

3. Understanding the Excel Report Output

The generated Excel workbook contains two main types of sheets designed for easy navigation and review:

A. The "Summary" Sheet

This sheet contains a high-level consolidated view of all TDS transactions split into two sections:

- 1. **Account-wise Summary Table:** Positioned at the top of the sheet. It displays each TDS Account code and name with its consolidated **BASE Amount** and **Amount**.
 - *Dynamic Formulas:* The values here are generated using Excel's `=SUMIF(...)` formulas, which dynamically link to the breakdown table below.
- 2. **Partner-wise Breakdown Table:** Positioned below the Account-wise Summary table. It breaks down the total of each TDS account by individual vendor/partner.
 - *Interactive Row Grouping:* Users can expand/collapse detail rows (level 2) under the bold Account Header rows (level 1) using Excel's outline collapse/expand buttons on the left margin.
 - *AutoFilters:* Built-in filters are enabled on the header row allowing you to sort or filter by partner name, PAN number, or amount.

B. "Monthly" Sheets

A separate tab is dynamically generated for each calendar month containing transactions (e.g., `April 2025` , `June 2026`):

- Columns included: **Date**, **Entry No.**, **TDS Section** (Label), **Partner Name**, **TDS Account**, **BASE Amount**, **Amount**, and **PAN Number**.
- Transactions are grouped by account code using Excel's row outlines, allowing quick folding/unfolding of details.
- The monthly totals at the bottom of the table utilize Excel's `=SUM(...)` formula.

4. Concrete Example & Expected Output

Suppose you generate a report for the period **01/04/2025 to 30/06/2026** selecting TDS Professional and TDS Receivable accounts:

Sheet Name	TDS Account / Partner	TDS Section	BASE Amount	Amount (TDS)	SOP Explanation
Summary	112582 - TDS on Professional Fees	-	₹ 54,24,000.00	₹ 5,42,400.00	Consolidated sum calculated via SUMIF pointing to the breakdown table.
Summary	Supertek Engineering Works	-	₹ 54,24,000.00	₹ 5,42,400.00	Partner breakdown showing PAN BSAPA9261N .
Summary	Reliance Consumer Products	-	(blank)	₹ 300.00	Salary/Bank Entry: The Base Amount is left blank as requested.
June 2026	Supertek Engineering Works	10% 194J	₹ 14,00,000.00	₹ 1,40,000.00	Individual transaction details line showing Entry No. TDS/2026/06/0126 .
